Alt. (OPEN)

From Mark H.: April 24, 2022 Website report.

I continued to monitor the website for updates and inquiries. While the website is working as it should, one plug in required updating with a cost of \$48.06 and one plugin is out of date. I have reached out to two website people for suggestions on finding a suitable replacement. The Zoom account was upgraded to allow meetings beyond the forty minute limit on the free account.

In January this year, the district approved a motion to move all Chairs, Alternates and officers to the districts Gmail account to improve their anonymity in printed material and on the website. When you receive a notice your account has been created, please take action on it.

Metrics for March 24 to April 22 are: Sessions-2565 with April 22 having 821, Pageviews-5977, Bounce Rate-39.57% and an average session duration of 1 minute 26 seconds.
